“ *I'm praying for y'all Arlene! I have a million memories that's flooding my mind at one time, and in every memory the one thing that sticks out is that beautiful smile! I remember when Fred and I use to dance with her in the living room. Sitting up doing homework , going grocery shopping, watching movies! Babygirl you will definitely be missed!! Aunt Chuncey love you! Rest In Peace Baby*

“ *My sister lost a child that gave her life day in and day out. Malaysia was the nicest person you can meet. She will be missed like crazy but she has her grandfather in heaven with her and they both will watch over them*
