“ *Marcus and i started work Together on the same day. we immediately became close from the first week. literally since then you could not separate us. we took every break, every walk at work together and hung out all the time outside of work, we became brothers in those 6-7 months. so many great talks and memories with you man. There wont be a day i wont keep your memory alive man, until we meet again man.*

“ I talked to Marcus a few days before his passing and a week before that he told me he was physically tired. Going back through those messages really hurt my feelings. I couldn't imagine the pain his family is feeling. I'm so sorry to the entire Lee family. I cared for and loved Marcus dearly. Always in my heart ❤️

“ Sending love from the Hogan family. We loved spending time with the whole family, as they moved in love so coordinated, like a machine. My favorite memory will always be in the kitchen when Damon was showing Marcus and Quezzy his music and they were just so hype and happy. Sending our condolences and endless prayers.

“*Marcus was a coworker who came in and quickly became one of the friendliest people in the whole department. He was upbeat, positive, always willing to help. My mother is a social worker and was working with his grandmother who cancelled appointment when he passed and then I found out that following monday it was Marcus who had passed. The world can be so small, but every person is a part of the community. He will be missed greatly.*
