“ It is hard to put into words how much Mrs. Christian meant to me. She was more than a coach, she was like a second mother. She taught us how to work as a team, to always want to do better and be better. I will always remember our countless hours of cheer practice and how I never wanted that time with her to end. She was a person in my life who saw someone that was struggling and just needed that extra push to believe again.

Although time separated us, the value of hard work and dedication that she taught me never left.

I will be forever grateful that God brought you into my life. I could not be prouder to call you my coach and my friend.

I love you Mrs. Christian and will remember you always.

“ To her children ...Thank you for sharing her... year after year.....all of the timeless hours for cheerleading practice, games, competitions, camp during summer.

Ms. Christian was a dedicated educator who genuinely cared about our social and academic endeavors.

Ask any of her cheerleaders, she was Strict... but I'm sure we're better because of her....she accepted nothing less than excellence

Thanks for the memories Marion, job well done 🌹

“Mrs. Christian was my high school teacher. She was no-nonsense and expected the best from her students. She was firm, but loving. I always felt a special bond with her.

It is because of her that I am in the profession that I am in which is a court stenographer. She suggested that I pursue it, but I had no idea what a court stenographer was and had never even heard of it. She suggested that I look into it, I did and the rest is history. As a result, she was always and still is a part of my story when I'm asked why I chose that profession.

I will forever be grateful to her for seeing something in a high school student who didn't have a clue about my future or where my life was headed and offering me direction.

Thank you!

May your soul rest in peace with the Lord.
