“ *To the Howard Family,*

You have my condolences on the passing of Markeith (PeeWee). I had recently seen and hugged him only two months ago on the hills of another family members passing. It is a sad occasion to have to bury someone so very young over senseless violence. Though I do not plan to attend the service, I did want to express my sentiments on his passing as I have known this young man for many years. It is my hope that justice will be served and PeeWee (as I knew him) WILL rest in peace. Peace be still and God Bless.

“ *Prayers to the family and extended family. Peewee was like one of my nephews! We as a family loved this man, and he will be missed by many! Rest In Peace!*
