“ *Ms. Mary touched the lives of everyone she met. All of us will remember her nonstop smile, sweet disposition, and uplifting words when we felt down. She made each of us feel special.*

“ *Miss Mary poured her heart and soul into loving the children and families of Friends School in Detroit. I remember all the sweet sweet things she would do for the babies: making handmade and personalized pillows that would be special to each child in the second-grade class; sewing costumes for the drama performances; hosting the karaoke DJ for the Friends and Family nights that would have us all singing our hearts out; calling to check on the children and their progress; following many of the kids on their journey to Roeper, and then coming up with THE BEST cheers for the basketball teams and teaching them to the crowd. There are almost too many memories to list here, because it felt like Miss Mary had a hand in just about everything of importance to Friends School. She loved our families and the light of Christ shone through brilliantly in her. We will all miss Mary's wonderful example of warmth, enthusiasm, grace, lovingkindness, and gentleness of spirit.*

A love like hers is rare and I am so grateful that we got to experience it. My she rest in peace.

“ Miss Mary was another grandparent for my children. I have so many memories. I can't recall how many times (and there were many!) she filled in as a grandparent for my children for Grandperson's day both at Friends School in Detroit and at Roeper. Miss Mary was always willing to make anything that I needed for the kids, from turkey heads to choir robes (of course at no cost). She provided DeeJays at many school events. She gave of her time, wisdom and resources freely and generously. She has been my personal chauffeur when my car was out and has driven my son Adam to and from more basketball games and other events than I can remember. She always had a deck of cards in her bag of wonders for the ongoing game of War that she played with my children during half times. She advocated for ALL children as if they were her own, because she felt they were. Miss Mary lived life and loved others with her whole heart. I will miss this giant of a person.

“ *There are too many wonderful memories about 'Miss' Mary. I recall her tireless efforts with the student costumes. We talked about sewing all the time. She gave me great pointers on how to reupholster a sofa in the Friends School Common area. It would not have happened without her help. She was always positive and helpful and knew every student by name and supported every event and game she could. She truly made a difference and will be missed. Debra Walker*

“ Ms Mary was always there for my boys at Friends School in Detroit. My son Cesar was having a hard time on his Science test in 4th Grade, she spent every lunch hour tutoring him for a week. He had an A on every test for the rest of the year and almost always got As in Science after that. She even help pay for tutoring for one of the boys to help them through a hard time. She did everything- helped on events, did all of the beautiful costumes for the plays and found donations for all of our after school events. I am sure many of you have heard the homework song which was also written for Cesar and his classmates. Friends School was a special place and Ms Mary was a big part of that - she will be missed.
