“ We were shocked and saddened to hear the news of Stanley’s death. It was an honor having Stanley as a student at Hayes Elementary the past three years. He liked being at school. He enjoyed spending time with his friends; and Stanley had a lot of friends. Everyone liked Stan, because he treated people fairly and with kindness. He had a good sense of humor and a quick smile. Stanley loved recess and he played with boundless energy. One of the things I always found remarkable about him was that he didn’t complain, not even when he felt bad, he never complained. We miss him. Our memories of Stanley will remain in our hearts forever. May your memories bring you comfort, and may God’s love surround you and bring you peace during this difficult time.##imported-begin##Dr. Ernie Terry, Principal##imported-end##

“ To Master Stanley and his family,

Please know that the short time that Stanley and I shared each others company here at Hayes ES did make a difference that will be remembered by me as having been a happy, positive and lasting moment that will live on long after this time.

I know that he has left this world a better,warmer,more loving place for all of us.

I pray that our memory of him will not be soon forgotten for so much was gained from someone so young who had such time little here in this world.

Please accept my most heartfelt condolences.

Sincerely'
