“ *Melody was my friend and we loved music and dancing together! She motivated me as my trainer and was the most fit female I have had the pleasure of befriending! I never saw her in a bad mood, and her smile was enlightening! I will wear her jewelry proud and will miss her. Rest Peacefully Mel!*

“ To the family of Melody Johnson, my deepest condolences for your loss, she truly will be missed by many.
Melody sang lead and background vocals in my band and we played our first show way back in 1982 and she rocked the house!! Over the years and most recently we continued to share and collaborate creative ideas. She was a great poet, singer, fitness guru among many of her talents and skills.
I will miss her voice, her smile and her friendship.
Melody, I know you are singing songs and writing beautiful poetry in Heaven now, may you Rest In Peace.

“ *When I think of Melody, I smile.....because Mel ALWAYS had a smile on her face and in her spirit. A free, caring, spirit.....that was Mel! I remember conversations that we had....about ANYTHING....and how Mel always had a way of sharing a side of things that made me look deeper into things.....and how she would always tell me, "K-Dub, you doin' too much!" She was truly a spiritual being having a human experience, and she shared, cared, and loved many from her heart. I smile as I think about her 'alter ego....Penelope' (LOL!) and how we joked about relational experiences. She was a true friend. We laughed, we fell out with each other....we made up....and we cared about each other. Even after I moved to Texas, we remained in touch with each other, and she made sure that I knew where she was so I could work out with her each time I came to visit my family. She has a heart of gold! God loaned Mel to us so we could experience His love through her, and He gave her wings to fly back to Him when her assignment was fulfilled. Mel touched MANY lives, and I will always thank God for allowing her to touch mine. She is free.....she is whole....and I feel the warmth of her smile and her spirit as I share this memory of her. For her family, just know that Melody will always be with you, but in a different way.....just as winter snow transforms into refreshing spring waters, Mel's spirit will always immerse your hearts.*

“ To the family of Melody Johnson,
I remember the day she arrived at Highland
Park High School. It was apparent that she
was her own person. I had opportunity to talk
with her because we became friends. I
enjoyed talking with her on the phone (man she could talk lol). The
last memory I have of her was at our 20 year reunion outing at Club
Yesterday I believe. I recall her pulling me out on the dance floor
with her, her good friend Charlotte Smith(Tuffy), Devel Jackson.
The four of us dancing together. After it was over, she came to me
and said 'Now don't you feel better?'

I really liked Melody; she was a unique person. My heart was
crushed to hear of her passing. Please know that I am praying for all
the family. The Lord can and will take care of all hurt and pain. Lean
on Him and He will help you through. I will miss my friend from H.P!!
Her smile was beautiful.

Sleep on my friend, see you later. Now at least you don't have to
bother with that crazy squirrel anymore. Love you much.

“ My dearest Melody,

Our time together was short but it was special. Girl you left such an impact on me. From the very beginning we clicked. Our saying was always that we were sisters from another mother. In this world there are many people we know but few that are true friends.

I will never forget your smile. It always lit up the room.

I will never forget your personality. It was bigger than life.

I will never forget your sense of humor. It was quick and brought much laughter.

I will never forget your free spirit. It was full of adventure and excitement.

I don't know how out of all the personal trainers in the Detroit Metropolitan area I found you. Well I guess I do know, God had a hand in that. I don't know why you had to be diagnosed with glioblastoma. I knew so much about the terrible illness from my mom's experience and I prayed your story would be different. I wanted you to be one of the few survivors. I respected and admired your fighting hard, and I watched you give it your all. I know that struggle was real. There are many questions I have for God which will have to wait until I see him to understand all that makes no sense.

Until then, I will take comfort in knowing you are an angel watching over us all. I know you are free of pain and limitations. I know you are in my heart. I am honored you were my friend. I look forward to our paths crossing again.

*With love and deep affection,
Mary Ann*
