“ *Man I couldn't believe it we I got the call saying that you were gone. I had just got off the phone with Kim saying I was going to get your number so she could call you to encourage you. I thought you were just being anxious and feeling overwhelmed when they told you said you weren't coming home. Well I guess God gave you insight on what was to come. Rest until we meet again sister*❤️

“Michelle and I go back to 1969 when we moved to the neighborhood in Highland Park. We did some many things when we were teenagers. I remember her being the one that cook dinner for the family and I would be visiting her and she would be in the kitchen. The last time I talk to here was when I was sitting at the table eating at Thomas Lee Holmes Jr repast 2 years ago and I told her I was going to call her. We talked about things that was going on and how things are very good in her life. I am going to miss Michelle. I will be there this June 2 if God is willing and I am able.  
Love Billy
