“ With tears and a broken heart I felt it was only right to say how good of a friend Millie was to me. I remember the day I met Millie, she was all smiles and her words to me was "I like you" and that day we became friends over 20 years ago. I can't remember a time I went to Millie's home and she didn't give me something to take with me. She was one of the sweetest people I have ever met. I am going to miss her deeply and I know her present will be missed by many. Millie was the best dancer and that smile she had when she was around the people she loved was unforgettable. I will honor our friendship and hold on to memories that we shares. To Millie's family i would like to thank you for sharing her with me and my family. I will say without a doubt that Heaven have gained one special person. RIH my dear Mille. Much Love.

“ With tears falling and heart aching I must let others know Millie as I always called her was my dear friend. I remember the day I met her, she said girl I think I like you and we have been friends nearly 20 years. I loved her as a sister. I never went to her home and she didn't make me take something with me. I will miss my dear friend. Millie was the best dancer ever and I will miss her beautiful smile and our crazy conversation. Our memories will always keep Millie close to me. Heaven has truly received a wonderful guest. RIH my dear Millie.

“ My friend, Mildred (I affectionally called her Millie). I miss you, Millie! I shall always keep your spirit dear to my heart. Millie was just that kind of special and unique woman who was loved and respected by many. And although she had many friends, she had a genuineness about her and always knew what to do or what to say to make you feel like you were her dearest and best friend. I will always remember you, Millie, in a happy way! And to her beloved family, know that Millie loved you dearly, and although you will miss her, always keep your most cherished and fondest memories of her forever present in your heart! Love, Maxine
