“ *BOSS MAN!!! This was a surprise to see you had a guest book. Granddaddy for some reason I don't get sad when I think about you I am happy and comforted. GOD knows I deeply miss you and did not want to see you go. But Boss I knew who you were, what you were about, the lesson of life that you thought and the love that you gave, and the relationship we shared.*

The things you feared would go wrong when GOD called you home...did!! Your little Devil has not been the same since! But I vow to keep the kids together and praying for GOD to restore the family. It was hard seeing you battle with your health issues and witness your departure to the other side but I cherish every moment we shared all the talks we had, our long drives together even if I did go to sleep :-) I remember what I told you before you slipped away from me. And I am going to keep my promise. I love you CLIFTON R. EWINGS. The life you lived and the legacy that remains... to know you was to love you. I could go on and on but I'll keep it close to my heart. It's like I found you after being lost for so long and now my fingers don't want this connection to ever end.

*I LOVE YOU BOSS. YOU WERE MY DOUBLE PORTION.
