“ I want to express my heartfelt sympathy for the loss of Damion. Even though I did not know him personally, we are precious in God's eyes. The bible is the only place we can find true comfort during this difficult time. This is not what Jehovah God intended for us. Death is something unnatural. In our DNA pattern, Jehovah put the desire to live and never die. Ecclesiastes 3:11 "God has put eternity into man's heart." The truth found in the bible gives us hope that we will see Damion again. John 5:28-29 "all those in the memorial tombs WILL come out". Revelations 21:3-5; Isaiah 26:19.##imported-begin##Liz##imported-end##

“ To the family of Damion J. Miller: There are no words to bring comfort in this difficult time but I feel the need to tell you that as parents you did an awesome job raising up a respectable young man. During the short time I knew of him he represented what a gentleman should be and we all know that its very rare. May you seek comfort through each other and may God help you find strength to carry on. My deepest sympathy###imported-begin##Ms. Williams###imported-end##

“ never knew the young man but I heard what happen to him and we have some friends in common... if there anyone that u know plz read this poem at the funeral!

The Dash Poem by Linda Ellis

*I read of a man who stood to speak
At the funeral of a friend.
He referred to the dates on his tombstone
From the beginning to the end.*

*He noted that first came the date of his birth
And spoke of the following date with tears,
But he said what mattered most of all
Was the dash between those years.*

*For that dash represents all the time
That she spent alive on earth.
And now only those who loved her
Know what that little line is worth.*

*For it matter not, how much we own,
The cars, the house, the cash,
What matters is how we live and love
And how we spend our dash.*

*So think about this long and hard
Are there things you'd like to change?
For you never know how much time is left
That can still be rearranged.*

*If we could just slow down enough
To consider what's true and real
And always try to understand
The way other people feel.*

*And be less quick to anger
And show appreciation more
And love the people in our lives
Like we've never loved before.*

*If we treat each other with respect
And more often wear a smile,
Remembering that this special dash
Might only last a little while.*

*So when your eulogy is being read
With your life's actions to rehash
Would you be proud of the things they say
About how you spent your dash?##imported-
