“ *I thank the Lord for a friend like Gerry and the conversations we shared, and feel peace in knowing the love he had for his family. I know that he is in a better place and that the Lord has truly blessed you his family with many memories. Hold on to them for they will be your strength in the days ahead. Know that many of us share your grief, however, we know that the Lord's plan is so much greater than we can ever conceive.*

*Every word of God is pure:
he is a shield unto them
that put their trust in him.
Prov. 30:5*

“ I considered Gerry a genuine person and a true friend. He was not the type to just go along with the crowd. I really like the fact that if his opinion differed from yours, he would definitely make sure you knew. Knowing Gerry, had always been a "positiive", and I feel I've been truly blessed to have had him as a friend.##imported-begin##Paul & Denise Ashford##imported-end##

“ Gerald Fane is MY friend! We always referred to him as Jerry, not knowing it probably should have been Gerry. I met my friend in 1993 when I came to work at the Ann Arbor Service Ctr. for Detroit Edison. We would work together from time to time, but never got to know each other very well. One night while working on a trouble job with wire down we had a misunderstanding and that would be putting it lightly. We ended up yelling at the top of our voices when another employee showed up to help and find out what in the world was going on. We got the job done and afterwards my friend, Jerry walked up to me, almost bending over me and said, "I'm sorry Kos, I didn't mean to talk to you like that." I also apologized. It had been a long night and we were so tired and nothing seemed to be going right. But, something did really go right that night. From that night on Jerry and I became good and lasting friends. We found we had many interests the same. We both loved dogs and went to several dog shows together in the following years to come. We both liked fitness and working out with weights. We would often go to Weight Equipment stores to see the latest piece of equipment on the market. In 1999 I got transfer back to Howell Service Ctr. with Edison. Jerry and I continued to stay in touch and go to dog shows and equipment stores, out to eat and to one another homes. Jerry and Paul Ashford were the first guys from work to see my new house, it was my first house, that's because they are very special to me. Some friends meet after being away from each other for any length of time with a hand shake, but not my buddy Jerry. Jerry would see me, get a big smile on his face and open those long arms up embrace me and say, "How you doing Kos?" When I see my friend next in Heaven, I'm looking forward to that greeting once again. We won't be taking in any dog shows or visiting equipment stores but Jerry will be showing me some pretty amazing things and sites in our Father's Kingdom of Heaven. Dear Lord Jesus please tell my dear friend Jerry, I miss him already and can't wait to see him again soon with his new and improved body. I am blessed to have a friend like Gerald{Jerry}Lloyd Fane, he made my life a little richer. I'll see you soon Jerry and looking forward to that big hug. Your friend Kos.##imported-begin##Paul W.
