“ *Mr. Reid was a true inspiring leader not only to me, but to everyone else that worked under him. I am fortunate to have had the opportunity to work for him over the years and learning the many lessons about life and work that he has shared with me through course of my Postal Career. I worked for him 10 years, while I was in college. He trully supported me in meeting my class schedules. For that I am trully grateful. He has always made it a point to allow a person working for him to grow and advance in other areas within the Postal Service.*
