“ *It's been tough coping with the fact that you're gone. I'm currently at a family gathering at Uncle Mike's house, and I just wish you were here. The food is delicious and I know that you would love it. If you were here, you would be most shocked at the number of so many who not just support you but this entire family. I promise that I'll do my best to take excellent care of your beautiful wife. I realize that you thought that I didn't listen to you most of the time, but I absorbed everything you told me. That's why I promise that I'll put in one hundred percent at not just tennis but anything that I try or do##imported-begin##Phillip Brooks##imported-end##*
