“ Jay, you were a friend to me at Tech before anyone else. Always happy, upbeat and willing to help anyone who needed it - a trait not found in too many people, not to mention a star football player. I will pray for you and yours, not knowing the hurt that they must feel with you being gone. Your good deeds on earth have gone rewarded and I can't wait to see you someday inside those pearly gates. I will miss you here on Earth but I also recognize that God takes the best ones first.

To the Sharp family, my condolences. He was a top caliber human being and I am sure you are proud of the man he was and will always be in our hearts. God bless and may we keep him close to us, knowing that someday we will see Jay again.##imported-begin##Jason Strange##imported-end##

“ I remember when Jay came to us as a new Electrical Engineer and we had an emergent job that was of the highest priority. His willingness to learn and support the team during long hours and days showed his great character. He was a highly motivated individual that loved life and the people around him. We became very good friends and I always kidded him about “When I work for you” remember us in the trenches.

I do not know why God has chosen to take Jay from us, but I do know Jay is in Heaven and is smiling down on all of us. He will be truly missed. My thoughts and prayers are with his family.

Practice your Golf game my friend. I expect that terrible slice to be gone when we meet again.
