“ *Dad, u were my best friend, my leader, my other half. No one could ever take the place of the relationship we shared. U made me laugh during the fun times and cry when I got in trouble. We had the best times together. U showed me and my brothers what the true definition of what a father was. And I thank you for that. If only u could see the two latest beautiful grandchildren, lol I know they would be your. My mind always think of you and my heart always will love you. Take care of my brother for me, like always. I miss you so damn much. I love you. Sweet~sweet*
