“ *Its going on 2yrs since your death and the pain has not yet healed. I miss you a great deal. Everytime I look @ POODA it just brings back so many memories of you and makes it even harder to cope with your death. I may sound selfish when I say this but I wish god would have gave us a couple more years with you before he called you home. But I know deep down in my heart he made the right choice when decided to call you home and free you from the suffering you were going through here on earth. I must say I am happy you left the family 3 gifts behind before you left us (Mykal, Myka and Koffi Jr.) which allows us to keep you alive evryday. Until we meet again I love you forever in a day. Oh by the way I dropped great granny a note also im sure shes reading it to you guys now lol!  
Love Always,
