“ I know for certain that we never lose the people we love, even to death. They continue to participate in every act, thought and decision we make. Their love leaves an indelible imprint in our memories. We find comfort in knowing that our lives have been enriched by having shared their love. But just keep in mind. It will be the little things that you will remember, the quiet moments, the smiles, the laughter. And although it may seem hard right now, it will be the memories of these little things that help to push away the pain and bring the smiles back again.
