“ *I just felt the need to stop by and post something about my dad, it has been 7 years and it still feels like yesterday. I miss him like no other, everyday I just want to hear his voice or reach out for a supportive hug. I know that he is always with me and that will never change, and there's a saying that it will get easier over time but it has not gotten easier for me. It is easier because I know he is at peace, however it is still hard to face day to day without having a parent, and a grandfather for my son. I love my dad whole heartedly nothing will ever change that, there is just a huge void in my heart that will never be replaced. I love you dad, continue to rest peacefully. Love your baby girl, Gabrielle.*
