“ I am sending this to you all in case I am not able to make it back in town for the arrangements. But I want you all to know that I am also deeply hurt by this loss. Nolan was a great guy and I loved him to death. Even though we did not talk like we used to I still always thought about him. I found some old pictures the other day with us skating and it made me smile. I will miss him. I love you all as well and if you ever need anything please do not hesitate to ask. See you all soon.##imported-begin##Lynn M. Kendrick##imported-end##

“ My hearts go out to the Johnson family. Nolan's bright smile and fun spirited nature will be missed by so many. While on earth he brought joy and equal drama to have left a positive mark on all of us during his short time with us.

“ nolan had a way of entertaining the break room and making people laugh. he never knew a stranger. he was proud of his abilities in skating and loved his family. it was evident in the ways he talked. fashionably late all the time but give his full attention to his work when he finally did arrive. accepted teasing about tardiness and had nic-names for all of us.. he will be sorely missed by anyone he came in contact with.##imported-begin##carol dustin##imported-end##
