“ *May the hope at Isaiah 25:8 bring the Wiggins family much comfort, here God assures us that death will be swallowed up or removed from all the earth. This is something that we can look forward to in the near future.##imported-begin##Ariel##imported-end##*

“ *To Barbara Mosley: I am so sorry that I am not with you today. I lost my best friend in all the world the same day that you lost your beloved brother. Our hearts are hurting, and we've been knocked down. But like The Phoenix, we will rise up and live our lives to the fullest, just like they wanted us to. Much Love to you, Barb, and to your family.##imported-begin##Doug Wahl##imported-end##*

“ *Barbara and Family,
It is my daily prayer that the Lord continues to bless you during your time of grief. I know this is an extremely difficult loss but my prayer is that you truly receive a peace that surpasses all understanding and celebrate the life that Robert lived, the lives he touched, and the legacy he leaves for it. May you receive comfort during this time and peace. You already have so much love. From my family to yours. Be Blessed Kim.##imported-begin##Kimberly Berry##imported-end##*

“ Dear Valecia, I cannot imagine how much you and your family will miss Bob. Be assured that his presence will always be here due to the good he has left in his life. His departure is only tempory because he is surely in God's loving care and we hopefully will join him someday soon. I took over as court aid to Judge Ravitz after Bob was promoted. I had the greatest repard for his fairness, honesty,and caring, as did Judge Ravitz, who I remember speaking highly of him long after Bob left his court. GOD BLESS YOU AND YOUR FAMILY. I will remember all of you in my prayers.

“ My dearest brother, my heart is heavy laden and I will miss you dearly but I can take comfort in knowing that you walked the christian life and fought hard to bring souls to Christ. When we last spoke I told you I loved you and I always will. There is a big void in my heart.##imported-begin##Barbara Mosley##imported-end##
