“ We saw her at a time when she was happy and excited about life. I met my Aunt over 9 years ago and I fell in love with her spirit and the successful woman that she was. I adore my cousin Malika for being strong, and I also adore Joy for taking care of our Aunt when she was in pain. I am so happy that I was able to see her a couple of days before she exited her way into heaven. Auntie I love you and thank you for being an easy person to talk to and a lovely woman, and a strong woman for my mom (Poochie)!. You will always be in my heart I love you!!

“ *My thoughts and condolences certainly go out to the immediate family. I was fortunate enough to experience the presence of a beautiful soul, someone so giving and community orientated as she, I was proud to say god mom or simply Mama Nelthrope. To have known and gained so much knowledge from one person over a span of years has made me who I am today, and without my loving and supporting godmother so many things would be unobtainable and out of reach. Because of knowing such a vessel my light shines so much brighter. And no matter the proximity your loving arms continue to wrap around the many you have touched, as they always have. I feel blessed for the privilege of calling you family; I extend myself to the immediate family for anything please do not hesitate to contact me.##imported-begin##Kenita Nichols##imported-end##*

“ To my nephews and niece. Your mother and my sister has traveled a long road, which she has taken ownership of her journey every step of the way. Your mother, my sister has definitely displayed great strength, courage, fearlessness, bravery, boldness and determination throughout this process. From your mother; my sister I pray that everyone is able to take something positive from this experience and make a difference in our own life as well as the world. She devoted her time with people that needed her help and for those that didn't need her help they got it anyway. You know better than I, that your mother; my sister was a caring and loving person. Please know and remember that I'm here when you need me or just want to talk. Love you. Auntee###imported-begin##Gina Perry###imported-end##
