“ *To the Bennett family that is also my family. I have loss a special part and memory of my life that I will never forget. Mrs, Bennett was like a second mother to me. When I was a little girl she would sit on the porch and look out for me right along with my mother and look out for the other kids in the neighborhood. That was how a big heart she had. I know that there is not one person on this earth that can say anything bad about Mrs.Bennett and if they do they are crazy.I can truly say that Mrs.Bennett is right along with my mother as being a most caring, loving, and strong women. People who no matter what will always be there for her family.We should cherish these great people because in this lifetime we have so many family members who do not show or have this much love for their family members. So people are blessed if they have that love.And I want you to know that I love you the Bennett family and let you know that I am always here for you to lend a hand.I want you to know that eventhough you don't see me that much that if you need me just call me and I will be there in a hurry. Love you, Michele Cox and family.*
