“ *Hey Ma, I still can't get over you being gone and years have past by. We have a black President now I know you would have love to see that and he seems to be a good man. I am going to adopt this year I am so excited to raise someone with the good qualities and morals you gave me. I still cry when I think of you or hear a song you like or even a T.V. program you use to watch it is a little better because it is not as much. I carry the picture of you and I at your last B-Day party in my pocket where ever I go it seems to help me, it makes me feel that you are with me I know you are there in spirit but it is not the same beacause I can not talk to you hung or pin you down for a kiss on the cheeks, because you say I am grown and you do not girls that use to crack me up well I just needed to talk I Love You to much*

“ Hello Ma, I miss you to much I think about you everyday and cry almost everynight. I am really trying to be strong, but it is hard because I still need you, but I guess God really needed you more and that is a hugh compliment I can't compete with that. I am ok it is just dealing with the lost of you is really hard expecially that I am alone. I finally had the courage to watch the New Years Eve party tape I jusr needed to see your face Juan watch it with me and you were so funny we laugh and cryed but it was good for me. I am still taking care of your business and I will make sure it is done well I will talk to you later Love you to much your Daughter
