“ *Monterria,*

Our prayers go out to you and your family. Unfortunately I do understand the great sense of loss you feel. Please believe me when I say that the void and loss will soon be replaced with the loving memories of your mom. She is watching down on you and your children and she will always be with you. We are here to support you during this time. Continue to have faith in God he will comfort you and keep you strong as he has your mom the last few years. God Bless you.

“ I wanted to send you my deepest condolences in your time of vulnerability and loss and to hopefully offer you some comforting words. Unfortunately we all are here on borrowed time, we don't belong to one another but to the Lord. Be glad in knowing that your precious mother is with our wonderful God and free of fear, pain, shame, sin and guilt and that she will always be with you in spirit even though she is no longer here in flesh. May God comfort you and your family in your time of need. Also let it be known that my heart and prayers go out to you always.

Love,
