“ Lucille you have been a very dear friend of mine for many years. Lucille was a woman who was dedicated to family and cared for people around her.

Dearest Lucille I will miss you very much! Although we've had spaces of time that we did not communicate we always had an understanding and had one another at heart. I will forever remember the long talks we had in the past. We shared so many things between us. My precious friend unsuccessfully tried to reach me for the past three weeks. Unfortunately, I did not get back to her soon enough due to circumstances beyond my control. I do believe that Lucille was trying to bid farewell to me one of her true friends. I am so sad that we didn't get a chance to connect one last final time! I love you Lucille, my friend, and I'll never forget our time together. Love Cherry!

I Willie Ford, knew Lucille through my wife Charlette. What I observed through their friendship was that she was a gental and kind woman. The times that we did talk, I really enjoyed and saw that she was concreded about the welfare of others. The last time I spoke with her a few weeks ago, she said she was praying for me and my family. She believed that prayer changed things, and it does. I too, will miss Lucille at the same time I Understand that she had to answer her call! To the family keep in mind who she really was and the good times that y;ou shared with here my prayer is that it will give you comfort in her absence.

Mrs. Jennnings:

I had some great conversations with you, some interesting talks and a lot of laughs. You always looked serious to me, but inside you were full of bubbles and comedy. I haven't seen you for a long time but I never forgot the light and kind person that you were. There were many days you made my mother's day so much brighter. The times you shared with her that no one else knew about that made her days fuller and brighter. Thank you for being a good friend to her and for making me smile. I too will miss you greatly! From the

entire Ford family: Enjoy your new life of luxury that earth cannot offer, pleasure that people cannot give, and love that never ends. We love you Lucille our dear friend!##imported-begin## Charlette Ford & Family##imported-end##
