“ *We are undergoing a transformation that will leave some of us troubled and sadden, but just know that GOD is there to lift you up whenever needed. Today, we bring a close to cousin Nank's book, but the book is a best seller. She has had a wonderful life and now GOD has another plan for her. I along with my family send our sympathy and uplifting prayers for comfort. Love you all.*

We'll Miss You,

*Mickey##imported-begin##Deran & Yolanda Tolbert

“ We ask the Lord Jesus Christ to bless our family and bring strength to our dearly beloved sister's children and children's. These are tragic times but the Lord will bring us through. We were not very close as siblings but in our hearts the love of our father resides in us.

We share his smile, physical attributes, blood line and all the things that make him our dad so are we and for this we are thankful. In addition we exalt the last more than first and that is the Love of Jesus Christ magnified in our dad since he was a child. The Love of Christ given down to his children and to our children, and to their children. This love has dissolved the many miles and long years we spent apart.

Who shall separate us from the Love of Christ Jesus? For if the Lord Jesus be for us. Who shall be against us? We are more than conquers in Christ Jesus.

And if I know my earthly dad just a little bit, I know he believes in Jesus Christ. I know he believes on the love of Jesus Christ. The love that has destroyed death, hell, and rose up our Lord Jesus on the third day for our justification. This same Love that was delivered to our dad, has been delivered to us. We believe according to his word that we will meet again when we endure until the end in his love. Welcome home sister Golden Ree Henderson-Henley with Love from your brothers Henry & Johnnie.

And the entire Brown Family sends their condolences and love.
