“ To My Dear Family & Friends:
Pick up the phone, write a few lines
Send a text message, it doesn't take a lot of time.
Give a hug, a kiss on the cheek, love on one another,
For we know not the time or the hour that we will hear the voice of
"Our Heavenly Father".
Although some of us may be miles apart,
Let's always keep each other in our hearts!
I will miss my Auntie Karen, who will truly forever be in my heart!
I love you guys!

“ Auntie you are the best. As I think about the time I have spent with you, I think about the things im going to miss. I mean who else knows how to get GG recipies just right. You taught my children how to behave, and my daughter how to be potty trained. They love and miss you dearly. Emani says your with GG now and both of you are with Jesus. I know you are better there than here.##imported-begin##Belinda Braden##imported-end##

“ My one and only sister Karen, even though we were 11 years apart as I became an adult we had lots of laughs to share. We were both parents and grandparents laughing at times about the funny things our children and grandchildren have done. I will miss those conversations and your funny joking and humorous ways. I love you and those memories will always be in my heart and soul. Say hello to mom for me. Love Debra

The most memorable moment with my Auntie Karen was two summers ago. My cousins and I were sitting on Belinda's porch when Auntie Karen came driving up into the driveway. She spent the whole day out there with us, joking, laughing, and having a good time. I felt like she was one of the girls at that very moment. I will never forget that. Keep them laughing up there, and when you see GG, tell her I said "Hey Girl". I love you and miss you dearly. Love Teresa.##imported-begin##Debra and Teresa Webster##imported-end##

“ Aunt Karen, where do I begin? We have shared some amazing times during the past two years, not to mention my entire life. You used to keep me and Tracey laughing with your comedic jokes and sense of humor. I just had a flash back of a time when Granma was in the hospital and we went looking for you and you were down the hall checking on all the patients, even getting a blanket for a patient who was cold that was down the hall and around the corner from Granma's room. The last two years were trying, but you seemed to always keep an uplifted attitude. I am happy that I was able to be there for you and I love you and you are already truly missed.##imported-begin##Mia Lewis##imported-end##
