“ First I would like to extend my deepest condolences to Robert, Nicole and the Lewis family.

Aunt Pat, as I so affectionately called you, I am truly going to miss your smile and our special talks. I could always seem to talk to you about things I sometimes could not talk to my mother about and you always knew what to say. I will miss your smiling face and your humor. I will never forget your last words to me. "Who's your favoriet Aunite, you are Aunite Pat I said, your response was I better be". (LOL). I know you are an angel watching over all of us. I will never forgot your words of advice. I will forever carry you in ny heart. I love you Auntie Pat!

“ Dear Grandma, I am going to miss you so much. You played a big role in my life. I could talk to you about everything. I'm going to miss that. I will cherish the days we would watch movies and eat popcorn. Also the times I would dance for you and make you laugh out of control, then you would dance and I would laugh out of control. You would always say " you don't know nothing about that, me and your granddaddy use to get on the floor and dance till we wore the floor out." I will never forget the times you picked me up from school and we would do homework and you would order us pizza. You would eat a veggie Pizza and I would eat a meat pizza. Grandma I have so many great memories that will give me years of pleasure. I will carry you in my heart always and spread every bit of joy and happiness with others as you did. Grandma, I thank God for you being my Grandma and the person that you were. I am flesh of your flesh and I will let your light shine through me. Love Always your Baby Robert.##imported-begin##Robert Woods III (Baby Robert)##imported-end##

“ Dear Grandma Pat, I miss you so much. I enjoyed every moment we spent together. I remember when you came to my Pre-K class and we colored together. I didn't want to share you with any of the other kids. But you told me "Lulu, you have to be nice and share Grandma, I can help you and some one else too." Grandma you were right, you could do it all. You were Super Grandma. I have so many memories of us watching movies, dancing, talking, laughing, doing homework, bath time, polishing fingers and toes. Grandma, its so much that I could go on and on. We had so much in common. especially the love for popcorn and potatoe chips. Well Grandma I wont say Goodbye I will say see you later. Give Grandpa and Uncle Kieth a hug and kiss for me. I will carry you in my heart always. Love Always, your little Lulu.##imported-begin##Erin Woods (Lulu)##imported-end##

“ *It's very hard to describe in words the amazing influence that you have over many people in such a positive way. The best words to describe you are remarkable, unbelievable, stupendous and totally magnificent. I will miss the many days me ,you and Nicole would laugh, eat popcorn, watch videos &dvd's. Or how you would crack Nicole and I up on the many things you would talk about and I would hit the floor when a certain song you liked would come on because you would get up and get to dancing and screaming and acting like you at a club and making us feel like wall flowers.lol. Also, how you would tell Jameel to get up and dance and he would start pop blocking, break dancing and doing the James Brown splits.:) with the serious passionate expression on his face. which always made us laugh. We've had some very joyful and memorable times and as you enter into the pearly gates of heaven. Me, Jameel and Nicole truly know that you will be the life of the party because your charm, beauty and grace is very infectious and the love that we have for you will out stand eternity.*

I love you Pat,
