“ *If Tears Could Build A Stairway...*

*If tears could build a stairway,
and memories a lane,
I would walk right up to Heaven
and bring you back again.*

*No farewell words were spoken,
No time to say "Goodbye".
You were gone before I knew it,
and only God knows why.*

*My heart still aches with sadness,
and secret tears still flow.
What it meant to love you-
No one could ever know.*

*But now I know you want me
to mourn for you no more;
To remember all the happy times
life still has much in store.*

*Since you'll never be forgotten,
I pledge to you today-
A hollowed place within my heart
is where you'll always stay.*

*We love you always!!!
P.S. You've got another grandbaby on the way!!!

“ Rest in peace Kwajalien...##imported-begin##Brian A. Johnson##imported-end##

June 25, 2009 at 05:12 PM

“ Hi Angelique - I was so saddened to hear about the passing of your mother. Kwaj and I were inseperable during high school then drifted apart due to life's circumstances. However, there were three times a year that we talked, her birthday, my birthday and the first week of January each year since 1978. I knew something was wrong when I could not reach her January 2008 but I had no way of finding out what was wrong. Elaine Hudson told me in June, 2009. I have never met you but I know your Grandmother, Charmaine, Darlene, Allison and Miles and you went to school with my son, Kevin Stovall.##imported-begin##Syvette Donald##imported-end##

June 25, 2009 at 03:17 PM

“ Tassi,

My big sis, My Friend, My Hero. I can't accept you're not here. I just can't. I still wait to hear from you. I dream about you and you talk to me like you're right around the corner. We talk about you all the time. Your baby sister Allison really misses you. She has found a new friend in Toni! Isn't that something? They are too funny together! You would be shaking your head if you could see them. I have your picture in view so I can speak to you every morning. You have that grin on your face that I just love. It is so you. Angelique is so strong. You would be so proud of her. We can't wait for your grandson to get here. They are naming him "Q" after YOU! Is that sweet or what? I hope he looks like you too! All your books and music are with Angelique! She is not giving them up!!!

WE miss you so much Tassi. You always told me you loved me when we talked. I'll never stop loving you. You are pain free now and it helps to know that. Did you ever think you would leave such an impact on this crazy family of ours? Well you have and for a little while, we came together because of you. Thank you.

*Goodnight.##imported-begin##Darlene Stampley-

“ My Mother; My Friend... Where do I begin? I know it's been a while but I think of you everyday! I love and miss you in ways I never thought. You are SO VERY loved, still. I call your phone all the time just to hear your voice. Sometimes I feel your arms around me to help comfort me on those really rough days. Sometimes you keep me up at night because you can't sleep either (smile). "Stop crying" is what you say to me but I can't help it. Yes, I know your in a better place. A place where your suffering is no more. I'm not selfish, but I'd love to have you here with me, always! Unfortunately, God had other plans for your tired soul. Until next time, my love, we all send our love. Even your unborn grandson Gavin Q.##imported-begin##Angelique Fernandez##imported-end##

“ I love you Tassi very much and I miss you too. I will give you a big hug and a kiss in Paradise. I love you.##imported-begin##Audrey##imported-end##

January 23, 2008 at 07:00 PM

“ I miss you Tassi. I cried at school for you today.I will cry tomorrow. Mom keeps calling your phone number and smiles when you answer.I love you and miss you a whole lot.You never got to see our new house in Arizona. I wanted you to come here because I miss my family in Michigan.I am going to be good for you.##imported-begin##Olivia##imported-end##

January 22, 2008 at 11:37 PM

“ Such a sad shock to hear of Q's passing. Unfortunately we found out the day after Q's service while my Dad was at the Pain Clinic on 1/10. We've missed Q the past several months at HFH. Q had an incredible presence and outlook on life and people along with compassion and humor and never allowed for a dull moment while in her care. Q shared stories of living in the "hood" with my son that had us all in stitches and which we will never forget. We will miss Q! God Bless our friend and God Speed.##imported-begin##Jack, Connie & Hayden##imported-end##

January 18, 2008 at 12:18 PM

“ Tassie, I miss you and love you. You had such a beautiful spirit that shone through. I remember being around you as a child and growing up as one of your neices I am and will always be truly grateful for knowing you and fond memories abound forever.##imported-begin##Shelby Talley##imported-end##

January 16, 2008 at 05:29 PM

“ Just wanted to say that "Q" was a great person! She really helped eased my mother's fear while attending the pain clinic. She will be missed dearly. May God continue to give you strength during your loss.

“ My mother is one of the many patients at the pain clinic. Every time we were there Q always found a way to make us laugh in the worst of times and I'm sure we weren't the only ones. Everyone who came in Q's path was touched so deeply. She is truly one of a kind. There are many great people at the pain clinic but Q will always be missed. My God bless everyone who is hurt by her loss. We love you Q!!!!##imported-begin##Dawn Amman##imported-end##

January 08, 2008 at 10:08 PM

“ To the Family & Friends of "Q".

I was one of the many patients who came to the clinic for treatments and always knew I would have Q there with a smile, laugh, a hug, a joke or a kind word that always was a blessing to us. It helped in easing our physical pain each and every time.

*Q will be GREATLY missed by many who knew her.
You are all in my thoughts and prayers during this most difficult time for you.*

Rest in the arms of Jesus & may the peace of the Holy Spirit comfort you and give the strength you need.##imported-begin##Ruth Ann##imported-end##
