“ *I enjoyed the 4 years I got to know Niguel at the High School. I was
proud of his accomplishments and will always remember and miss
his smile.*

“ *Niguel was a wonderful young man, that will no doubt, be missed by many people.*

I certainly enjoyed the time that we spent together in CAD Design class here at Lincoln High School. Niguel showed a real interest in cars, engineering and mechanical design. I could tell... Just by the extra effort that he put forth in class.

I know that Niguel always loved to learn new things... Earning his high school diploma and then taking his love of learning to a new level as he began a promising career as an apprentice with the Paslin Co.

We never know what God has in store for us... Leaving us sad, as we wonder why this young man's time on earth was cut so short. At the same time, I am glad to have met and spent time with Niguel.

Niguel - Thanks for being a part of my life and brief experience as a High School teacher. Young people like you are the ones who make it a joy to come to work every day!
