“ I have only worked with Pam only a short time. Two and a half years. But it felt like I've known her for most of my life. She was more than just a coworker, or a leader. She was a cornerstone of not only our team but the hospital. She knew all of the ins and outs and could answer the most challenging questions with ease. A testament to her dedication, loyalty and experience. But she was more than that. She was a mentor. A fighter. And she had an affinity for complex problems because she liked to solve the puzzles. Her presence was more than just a stable figure. Never to the point of a towering presence but it encourages one to be a better sharper person. Never allowing her integrity to falter or be challenged. There was never a need to. Being around Pam encourages one to adopt the attributes she carried and instilled in others. For this I am very thankful. Thank you Pam and best wishes to the family.

Her kindness, dedication, and quiet strength shaped our workplace in ways that can never be replaced. She will be deeply missed, but never forgotten.*
