“ Ray

*Three years since your passing and it seems like yesterday I would give anything to see you..talk to you. The friendship we had was real we we're there for each other night or day and it hurts so much your gone. Since you left nothing is the same for me anymore your so missed and loved. From my heart you were such a good friend to me as well as others. I know I will miss you and all the times from the fishing, the trips, bowling, the working on houses, even the trouble we got into it was never a dull moment ever. Those times are gone now but, memories I will always have and when I go do something I remember those times and wish you were still here to do them. Ray I miss you so much bud...you left this world to early your kids as well as all of us needed you in their lives. I know that my friend has left and one day I will see you again until then heavenly rest and peace my friend.... One love my friend ...

We done a lot from the trips to the jobs we had together you inspired me on so many things we were there for one another good and bad times. I met some of your family I still keep in contact with your kids. I seen them for Christmas there getting big. I showed Emory your picture she said that daddy brought me to tears that day. Ray as long as I'm around your kids will have me in their lives. I wish you were here they need there dad in there lives so much. We all need that we all miss you so much. I want to thank you for being my friend for being the person you were in life a caring, helpful and sensitive, kind hearted friend someone I truly miss someone I will never forget. Thank you your friendship it helped me in life. I miss you bro, from my heart one love man.

“ Ray, just can't believe a year has gone by since you left and went to heaven. It's so hard for knowing your gone all I can do is think what if I was there as I should of. I will always miss the friend you were to me the help you gave the advice the laughter , wisdom. You were more than my friend you were my little brother a brother who was there if I needed you. The things we could of been doing the things we talked about doing. Ray this is no lie not a single day has passed since you passed that I haven't thought of you. I ran across your fishing pole and my plan now is to go and use yours to see if I can catch as much as you use to. I went and seen Emory she so much like you especially the look when she starts to get mad, the smile she has. Ray from my heart I do and always will miss you a big part of my died the day you left and nothing can ever fix that fact. I know when it's my time I will see you again and I will have my friend and brother once again. Until then Ray miss you and love you bro, .....one love .....Mike....6/18/2020
