

Mr. Reginald Johnson

May 20, 1965 - March 17, 2021

In Loving Memory Of:

Reginald Johnson was born on May 20, 1965. He grew up in Detroit, but eventually moved to Oak Park where he attended the high school. He was the oldest son of Rosemary and Author Bell who he joined in everlasting life. Surviving him are two brothers Khalid (Sharee) and Aswad, four sisters Natalie, Darlene (Fred), Kamilah and Rukaiyah (Ervin), a niece Dara, nephews Freddie, Quin, Kyvin and Trent, his favorite aunt Prisilla and there are a host of cousins and friends.

He met the love of his life, Helene in 2003 at a club. He said when he looked across the room at her big pretty eyes that he had to have her. eventually that is exactly what happened. He gained a son Terrance and daughter in law Kenetra along with three grandchildren that he loved very much Alysia, Chyna and Adrian also sisters and brothers in law. He called Helene "THE WOMAN, I LOVE".

The last twelve years of their life together, Reginald was battling cancer with no complains. He constantly thanked Jesus (who he called his main Man), Helene and his doctor Zonder for their love and patience with him. He lost that battle on March 17, 2021. He was called home with no more pain or worries. He is free from ALL sickness and diseases of this world with no regrets.

The things that Reg loved to do before he got sick and some what after was making money. He was an entrepreneur driving limosines and painting houses was his expertise, but always kept a second income. He enjoyed hanging out with his family and friends. He was what you would call a social butterfly. He found his peace and calmest in being around water. It was his therapy. He was a type of man that knew exactly what he wanted and how he wanted it in everything.

He was an all around God-fearing, good son, brother, uncle, stepfather, companion, grandpa, cousin, nephew and friend. You will always be missed.

“ *Reggie was the most optimistic person I've ever met. He always looked on the bright side. I was one of his nurses and I was supposed to be taking care of him but he made me feel better. He truly inspired me. I will miss the conversations we had. Rest In Peace my dear friend.*

“ Uncle Reggie, We've shared a lot of memories together. I would like to share my favorite two. I loved when you had your paper route with the Detroit Newspaper and you would come and get me at 12:30 am and we would go and roll the newspapers and we would deliver them to the community. You loved taking me with you because you said I have an eagle eye (which still is true) and I could see the address on the houses from far away. Afterwards it would be around 6 am and you would take me to get donuts and ice cream (superman lol). Grandma would always fuss and say "it's too early for her (me) to eat that" but that was our routine every time.

When you owned your own limousine business you would come and pick me and take me to the store to get junk food and we would ride around all over town and just talk and spend time together.

I appreciate more then EVER that just a few days before your passing, you said " I love you baby girl". Those words and memories with many more, Will I keep in my heart forever.
-Love your Niece, Dara!

Uncle Reg, you will always have a place in my heart. You showed me that with hardwork and dedication anything is possible! You would constantly check on me about my grades and made sure I stayed out of trouble. I remember when you would pick me up in your limo and take my riding around the city and all my friends would say Freddie your rich. I would laugh and say no my Uncle is the man. I appreciate you being true to who you are a fighter, positive light, a brother, a Uncle & a good friend. I remember being stressed about prom and you stepped in when others couldn't. I appreciate you not for just the material things, but for the positive light you are. You will always have a special place in my heart unc and I will never forget you! Although I may not understand why I'll trust in God's plan for you. Continue to look over us Unc!
Love Your Nephew Freddie J.

“ *I remember the time Reg wanted to tell me about the " Birds and The Bees " ...
It's not the fact times has changed from when he was young and I was young. It was the fact that I was 19 years old and working on my 3rd girlfriend. It was obvious the shot of Seagram's and 22 once bottle of Old English 800 must of started kicking in. I waited till the next commercial came on, acted like I had to use the bathroom and I don't think I seen Reg utill 9:00 that next night lol... Love you big brother*

“ *We are saddened to learn about the loss of your love one. Know doubt you have made fond memories which would resurface from time to time. May those memories and God's words in the Bible bring you some measure of comfort. Truly sorry for your loss. Thinking of you all.*
