“ *Remonia was a beautiful woman, inside and out. When I was a homeless teenager, she took me in and treated me like I was a blood daughter. I can remember us coming home together, after school for me and it was after work for her and I would fry us chicken for dinner. We truly enjoyed one another's company. I needed her, not only for a place to live but, for emotional support and I think she was feeling a bit of the 'empty nest' as her children were grown and starting their families. I loved and admired her so much. So, I became a school teacher just like she did. I would not be the woman that I am today had it not been for her mentoring me and being there for me when I didn't have NOBODY ELSE who cared about me like she did. This really hurts me.. I am going to miss her so much, keep our memories in my heart and look forward to a time when hopefully, I can be with her again. Angela Trice-Bari*

“ We would like to extend our condolences to the family. In just a little while all of the pain and sorrow that we feel from the death of our love ones will cease and be replaced with joy, because the former things have passed away. Thinking of you all.
