“ *I was very shocked to hear of Reni's passing. She had many health issues that I didn't see as life threatening. My best wishes for all who loved her and cared for her well being. She was an asset to the CNA testing program and will be missed. May God give all who mourn her comfort and grace.*

“ I meet Reni about two years ago, she was working at Prometric as an "actor" to help facilitate the CNA nurse aid competency test. She was very nice... a feisty little petite lady, full of laughter. I was inspired by her, because despite her medical problems, she never dwell on them...Reni was always positive.

My condolences to her family, friends and significant other.

“ I'm praying for the family at this most difficult time. I worked with Renie on several different occasions. I will miss her smile and our talks! She was a very sweet person. I'm glad I had the opportunity to know her. May God be with you all.

“ *Renie was a very special friend that was like family that I had the pleasure of meeting and working with for many years. We met and worked closely together for Prometric testing agency. Although, I am not close physically, I now live in Charleston, SC, I am reaching out spiritually to let you know that I was deeply saddened and shocked about her homecoming! My prayers and condolence to the family and especially Donna, her dear sister who has always been there for her.*
