“ *I was blessed to have met Richard through Bedrock and he was the warmest ray of sunshine personified. We had an emergency one weekend and Richard went above and beyond to help. He was first on the scene and quickly deployed his crew to start working. Richard noticed that I was looking stressed so he took a quick break to sit with me and crack a few jokes to make me laugh again. He even checked in afterward to make sure everything was okay. When God made Richard, it was with extra love and it showed through his happy presence, big smile, never ending positive energy and world-class sense of humor. He was truly one-of-a-kind and he is missed very much. Heaven gained an angel back and I know he is already making everyone smile up there.*

My deepest condolences and prayers for the Williams family during this difficult time.

Rest in peace and love, Richard.

“ To the Williams family I had the honor to met your father and husband when I was on the small buildings side at Bedrock and I cannot express enough how blessed I am that I was able to work with him! Him and I joked on who could walk faster... his energy, smiles and laughter, charisma, dedication and love he shared with everyone will never be forgotten! My deepest sorrows and heart go out to you during this time. Rest In Peace Richard ... Jessica Johnston (Bedrock)

“ Richard was a wonderful person. He worked at the University of Detroit Mercy as a Supervisor for Aramark for many years. I remember him as kind, friendly, approachable and he had a warm spirit. We all loved him and I want to remember his smile and easy manner. You could tell he was a family man with a gentle spirit. We will miss Richard but know he is basking in the Savior's Love for him.

Lisa my prayers go out to you and the family, I have nothing but fond memories having worked with Richard C Williams years ago at the University of Detroit Mercy. May you be blessed with Peace, during this time, Richard is now in a better place where he can finally rest, as he was one of the hardest working person I knew. I'll always remember his smile and his joking attitude, and our days working together at the University.
