“ *Ritchie was my classmate from Steubenville, OH. We were both in Detroit playing music at various churches. I hadn't seen him in a while. We always made an effort to stay in touch. We were both on the same church program a few years back. My deepest condolences to his family.*

*I was so sad to hear of Richie 's passing. Our friendship was earlier on as kids. He then began playing the piano from time to time @ my home church & I would visit his. We had so much fun laughing while talking about music & singing. I didn't get to talk to him when he left for Detroit, but he was a diamond in the rough in his music & a person. He'll be truly missed .My deepest & sincere condolences to the King family & friends! 🙏❤️*
