“ *Bubba, you were my very best friend for 35 years. I am heartbroken and think of you daily. Glad we had a chance to speak before you left me forever. I love you and will always remember you. Reflecting took me back to the night we met at Delta College Halloween Dance 1981 and your crazy gorilla head as your costume! hehehe I have so many fond memories over the years. You were always there for me no matter what or who was in our lives at the time. You held no boundaries in friendship ... only genuine friendship & love. You were the best father to your children and that always made me so proud of you. No matter what you sacrificed for them and i know many times they were almost unbearable sacrifices. But you did it because that is who you were and what you believed a good father should do. You were a great man and it was an honour & pleasure to have you as my best friend throughout my life. My heart cries for you every time I see your name or even the Tigers logo. I wasn't done loving you.... you left me far too soon. My only comfort is in knowing we will meet again someday in our restful place of peace. Until then.... I sent you my unending love... 4435..... with you in my heart always, Angela*

“ wow... How to begin.. We met at a Tigers Game and became friends from the start.. It had to be that beautiful smile. You my friend, I will miss dearly. You left us way to soon. I haven't mentioned your name once since I found out of your passing with out crying.. I don't know if I will ever go to a Tigers game again and forget to look for you. You are a wonderful man, person, father and friend. Instead of meeting us at the Tiger's Gate, I'm hoping when the Good Lord calls me home, you'll be there to greet me. Keep watch over all of us and be our "Angel in our Outfield". Missing you dearly Robert. I'm going to say Good Bye my friend. I know I have to move on. But one day, we will meet again. Loving thoughts and prayers for your family! Love you Robert.
And to your family. May all your loving memories help you through this difficult time.

“ Where to begin..when we first met I knew how special you were. With your caring heart, charm, great personality and handsome looks you won my heart. Dating you for 2 years has been the happiest years of my life. I will never forget the memories we made. From watching football every Sunday together to going to the movies..to the dinners..to the last week in the hospital and spending every night with you...tou always calling me baby. When anyone would ask how long we have been together you would always say forever...that's how it felt..like we knew each other forever. Loving you was so easy because it just came natural. I'm so grateful God brought you into my life. You always asked me how you got so lucky...we were both lucky to have had each other. Thank you for loving me and showing me how a women should be treated and loved. My heart hurts, I miss you so much. I will always love you. See you on the other side babe, watch over us. Love always and forever♡♡♡Stacy

“Wow, where do I begin. I worked with Robert in the Tiger Club lobby for 13 seasons. I will truly miss his presence, our talks, and my Sunday morning circulars. To the family especially his kids, he talked about you all the time and I know he loves you more than life itself. Hold on to his love and God will see you thru. He's only a prayer away. Robert will very much be missed at Comerica Park. He was the captain of our ship at Gate B and he cared about each and every one of us. I will forever miss your unique ways of opening up the gates by shouting "open em up!!" each and every time. We love you Robert and may you rest in heaven my friend!

Robert always had that smile and something funny to say, We will miss seeing him at the games like we have the past 16 years. He was a kind man, gave our granddaughter her first game certificate, always was a gentlemen and made us feel good. Jeff and Maureen Bolton
