“ *I talked to Lee every summer when my older son played Legion ball against Boyertown. I am originally from Boyertown but moved away when I got married years ago. I thanked Lee a few years back for everything he has done for Baseball. Because of him my 2 boys got to play ball in my hometown where my brother and cousin played. It meant the world to me to have pictures of my son playing at Bear Stadium. My younger son played at Gabelsville field a few times. If it wasn't for Lee this would not have been possible. He was such an inspiration to all the Baseball kids. I made it a point every summer to talk to him and he remembered who my son was and what base he played. I was always impressed that he remember every year. He will be sadly missed. I will always appreciate all he has done for Baseball and all his hard work taking care of the fields.*
