Hello Search Squad! I'm trying to find my lost uncle. My grandmother, Adele Louise Roberson, died as a young mother of 5 children on December 24, 1948 in Detroit, Michigan. All 5 children were separated and raised by either family members, friends or adoption. The 2 oldest children were sent to live with their grandmother, child 3 was sent to live with family friends, child 4 was sent with a cousin and child 5 was adopted. We have been reunited with child 5's family through Ancestry.

My father is child 2 and was able to keep in contact with siblings 1, 3 and 4 growing up. He went away to the Navy and when he returned child 3 was no where to be found. The family that raised child number 3 moved and no one has heard from them since around 1963. This is the last piece of the puzzle. To add to the lack of information we're not sure what his last name is on his birth certificate or his actual birthdate. My dad's last name is Black. This is the information I know of my missing uncle:

*Mother: Adele Louise Roberson
Born May 6, 1921 (Sandersville, Georgia)
Died December 24, 1948 (Detroit, Michigan)*

*Uncle: Ronald Black
Born July 25, 1945? (Detroit, Michigan)
Family that raised him: John and Glendora Robinson*

All DNA tests have been performed through Ancestry. All of Ronald's siblings and myself have DNA profiles on Ancestry.

Thanks for your time!
