“ *My condolences to the family. When I first met Roxie we connected. We talked like we had known each other for years. Although we didn't see each other, whenever we did we would seem to just pickup where we left off. She had a beautiful personality with smile that matched. We share a grand daughter Britt who has that same beautiful smile. We will forever keep a special place in our heart just for you Roxie. R.I.H 🙏*

My condolences to the family. When I first met Roxy we immediately connected. We started a conversation and talked like we had known each other for years. Although we did not see or talk often, when we did it would be like picking up where we left off. Roxy was out going and had a beautiful smile. Our grand daughter Britt shares that same smile. We will all keep a special place in our hearts just for you Roxy. R.I.H. 🙏 Pat G.
