“ *Shavonne I told you I would never forget your birthday because your date 8-23 is my birthday backwards 3-28. And bi-weekly I would supply you with a bag of bubble gum that you love to chew and pop. That was something else we shared. I will miss you and like I told you I will never forget your birthday I will always think of you on your special day. R.I.P.*

“ *I met Shavonne earlier this year when I interviewed her for her position at Delta. Hiring her was an easy decision; she was a kind and positive person and I enjoyed knowing her and having her on my team. She will definitely be missed. Her going home service was lovely and it was clear she had a great impact on many lives. Rest in Peace Shavonne!*

“ Posting this on behalf of one of our neighborhood mothers (Mrs. Arlene Williams) who does not have a computer. To the Sullivan & Nelson families, she asked that I make sure you all read her words and the family's feelings about "Our Shavonne Suzi Nelson"

*"Suzie, had a smile that would automatically lite up a room and warm your heart. Anyone who was blessed enough to have their path cross Suzie's path, can certainly bare witness to this truth.I feel so honored to have shared, so many heart felt moments with Suzie, and her precious family. I and my family, will and can never, ever, forget our precious time we shared with Suzie, and her family. My God, be pleased with Suzie, for sharing her life with so many others. Love always- Mrs. Williams and family"*

“ My prayers to Shavonne family. I only knew her for a very short time. I had the chance to mentor and just be able to develop a friendship. She was such a sweet and kind person. Her smile could light up the room. She touch you by just being herself. I will truly miss her. Joyce Davis @ Delta Dental.

“ To a Wonderful, Warm, Full of Life person I knew from afar through her Awesome work on my customers account with AT&T. Her caring for family, others and our shared customer through the years is a cherished memories for me as well as many others with AT&T and our customer. When thinking of her I admire her need to be transparent, honest which to me made our relationship very unique and some of the best work on this customers account.

*I know she is in a better place but she was just to young. So with heavy heart Shavonne I say good bye for now and will see you later. I wish I could be there today*
