“ *I wish to express my sincere condolences to the family of Sherri Rhodes. We were former school classmates prior to high school. I remember she was soft spoken and had a beautiful spirit . I saw her in the fabric store about 3 years ago and we exchanged phone numbers, I regret that I failed to reach out to her after that day. She has been promoted and now she has earned her wings..... “ *Sherri (or Sher-Bear, as I called her) became one of the unexpected best friends. We met while working at Stroh's. I was on a contract assignment while she worked for the director of marketing. She was truly one of the most genuine, kind people I have ever met. We seemed to click and over 30 years later, we were still going strong. She was a big part of my family and I loved her like a sister. She kept me straight. We couldn't have been more opposite either and I think that's what made us work. She anchored me in my hot Latina temper and looked to me for strength and encouragement. She was the peas to my carrots, the snow to my flake. She believed in all I could become. I will miss her tremendously with all my heart.*

“ Sending love and prayers to Sherri’s family. I had the privilege of working with Sherri for several years at Blue Cross and she always brightened my day. She was consistently caring and kind. I loved learning of her sewing projects and so many of us on the Human Performance team were thrilled to have one of Sherri’s masterpieces. Sherri loved family – her own family, of course – but she also made a point to ask others about their families. She took joy in our joy and frequently asked to see photos and get updates on family members. Her smile was radiant, and I have taken solace in photos featuring her beautiful smile since I have learned of her passing. I will greatly miss our catching up calls/texts. Sincere condolences to Sherri’s entire family.

“ Always a smile and word of encouragement. Sherri was such a giving person wanting to help in whatever way she could. She was also an accomplished crafter. Sharing with us her latest projects. My entire family was blessed by her extraordinary skills. She made beautiful quilts for my granddaughters which they are on their beds today and a set of embroidered kitchen towels that we use. We will always cherish our wonderful memories of time with Sherri. Our thoughts and prayers are with Sherri's family during this difficult time.

“ I worked with Sherri at Blue Cross and we shared a love of needlework. It was always a treat to see her latest project and know that those things have become treasured memories for those who received them. Sherri always thought of others and would go out of her way to be helpful. I know she will be missed by everyone who knew her.

“ Sherri and I met on the campus of Eastern Michigan University at the age of 18. We were roommates.  
When you saw me you saw her and give versa.  
We had great times at EMU. A lot of the fun was thanks to our association with the men of Kappa Alpha Psi Delta Nu chapter as Kappa kittens.  
Sherri and I on many ways were polar opposites. I was the opinionated one who always had something to say. Sherri was sweet and always had a beautiful smile.  
We were friends for 47 years.  
I thank God for the blessing of friendship.  
Rest easy dear friend. I will see you on the other side.

“ Sherri was a beautiful person on the outside but more beautiful on the inside. She was a sewing buddy and always brought sunlight into the room. Sherri had a strong faith in God which is a great comfort. I will miss Sherri a lot however, she will always be in my heart. I'm sure she's sewing up a storm in heaven & looking down on all of us. God be with you till we meet again...love you Sherri!  
Keep those bobbins filled!!
