“ *Its crazy to me to writing on this for you. It seem so unreal. We go back i mean u was the Dj on puritan back. I have so many memories with you. You was my big Brother i never asked for. lol lol lol you always was the first to correct me when I was wrong. You always sowed compassion for me because you knew i needed it. you was a great father to your children. you always expressed your love for shay. I will never forget the day you came to me and started crying telling me the only woman for you was her and how much you loved her. I laughed at you because i couldnt understand why you was crying. You told me you couldnt see your life without her or your children. Its sad to know that someone you have shared so much of your life with has to go on without you. I know that god makes no mistakes. I know i will never forget you heck u r in all my photos so i wont be able too. lol keep your arms wrapped tight around your family to help them get thru this transition.*
