“ *Today marks the 6th year of you leaving me. Time doesn't really heal, it fades the feelings if that moment. I love you Daddy. With all my heart. Happy you aren't here to see all of the shitty things I've done. I hope to make you proud one day. Wish you were here just to be in my presence. I fucking love you.*

“ *Thinking about you dad. It's 2019 and I think about you more than I ever have. Forcing myself to remember things that are slowly slipping away. Wishing you were here to teach me things to comfort me, to tell me you are proud of me. I love you. ~keela*

“ *Its Keela here. No one told me that it got worse with time. I miss you so much dad. I remember how ungrateful i was. I remember situations that i took for granted. I wish i could've shown you how much you really mean to me. It's really true that you don't know what you have until it's gone. It's a cruel way to realize how much someone does for you but i know that i don't take any people in my life for granted anymore. I just wish you were here. To make everything better.*

“ *Tommie hames beck was my father and always will be. I am Keela Beck, his daughter and all I remember is that my dad and I shared a bond that no one could break. He is no longer in pain and I thank god for that. He will always be in my prayers and in my heart:)*

I am so sorry to see this. Your dad and you were very special to me. He loved you sooo much Keela I know that for sure. I don't know if you remember me as Bernadette or Marie but used to watch you in Auburn Hills. So sorry did not know this. My daughter Sarah if you remember her passed away a few years before your dad she was only 23. You could say from addiction.
