“ Tracie has been such a consistent presence in my own life, that I cannot remember a time that she has not been there. My family and I will never be able to express how grateful we are to have been able to share our lives with her.

I cherish the abundance of love and support she readily shared, and I grieve the loss of a great woman who was as close as family.

“ Tracie,

I am very thankful to have known you. I won't forget our chats about tv, specifically cop shows! I want to let you know that I now say "well" (or "s'well") instead of "good" when people ask me how I am doing. I always think of your light-hearted teasing in those moments.

You will be greatly missed!
