“ *Dr. Tshombe was a faithful Sister, prayer warrior, and servant while being apart of the Abyssinia Christ Centered Ministries, under the leadership of the Late Bishop Dr. Iona E. Locke. Though she moved her membership, she will always be remembered as family. Prayers for her daughter Zoe and son Darrell Jr., and family. ~ Evangelist Tracey Underwood*

“ *My Beloved Big Sister Tshombe, Unfortunately The most painful goodbyes are the ones that are left unsaid and never explained. No misunderstanding could ever change the fact that you ARE Forever Loved. You will continue to Live on Nothing Loved and Cherished will ever Perish. I Love you Sis, REST IN PEACE*

“ Dr. Allen was a colleague of mine. We worked together at multiple nursing schools together since 2018. She was the epitome of a nursing instructor and the ultimate professional. She mentored even when she was trying. She was proud of her profession and ensured the next generation of nurses were equipped with the tools they needed to be successful. I am so grateful that I had the opportunity to tell her how much respect and admiration I have/had for her. She unknowingly made me want to be a better nurse. She is the reason why I hold the title Dr. Monica Graham. Thank you my friend. You are a credit to the nursing profession. Thank you again.

“ My name is Krystal Jones. Dr. Tshombe Allen was an amazing woman. I met her when she was my clinical instructor at Oakland University. She was always caring, helpful, and no-nonsense. About a year ago before I started my first RN job we talked over the phone and she gave me so much valuable advice. She was so inspiring. I remember her as a beautiful person, inside and out, who was a proponent for health and who was amazing at everything she did. God gained a beautiful angel. My condolences to her family and friends. God bless and sending love throughout this time of healing.

“ My sincere condolences to Dr Allen’s family and friends. I had the privilege to work with Dr Allen at St Joe’s, and can truly say she will be remembered here as a legend for all of the nurses she mentored and inspired – myself included. She was unlike any instructor I had met before and cultivated some of the best coworkers I have had. Despite being an instructor, she felt like a member of our team whenever we were lucky enough to have her.

*I will miss seeing her beautiful smile in the morning on 2G; I always knew when I saw her that I would have a good day. Rest in peace Dr. Allen, and thank you for all you did for our community.*

“ Auntie, words can’t explain how much of a phenomenal woman, a daughter, a mother, a sister, an aunt, and a friend you have been. You were always a wonderful mentor and teacher and a fearless woman. 37 years just doesn’t seem long enough for me. You have watched me and all seven of my kids bloom and grow. Nevertheless, you have always showed tremendous love and support to us and everyone. I am forever grateful for that. I wish there could have been more time in this world we call life. Aunt Tshombe, we are thankful to have you in our lives and the unconditional love and support that you gave us. You will truly be missed and never forgotten. You will always hold a big place in all of our minds and hearts. You finally broke out of ur shell and now your flying high and watching over us. Although we may have loss our loved one, we also gained a beautiful angel. Please continue to watch over us as we are here, and you are there. Continue to fly high and spreading your wings to the max like you have always done.
