“ *Bill we were classmates at Kettering Senior High School Class of January 1959. I will always remember our days there with fondness. You were the Valdickorian and I was the Salutorian. You had beaten me out by one point to achieve the top spot. I will always remember those senior class days and the Christmas gifts you bought for Linda Ruffin and I because you always had money and we didn't. Rest In Peace my dear friend.
