“ Will loved to have fun He had great Superbowl parties . Will was a dedicated Ford employee for many years

I would sit with him and watch a game of Basketball or Football over the years

The one big thing I admired about Will was the way he stepped up to the plate and raised his son Willie by himself in the absence of mom.

I wanted to say this at the Funeral but it was to emotional for everyone

“ Junior was a brother to me. I could tell him any and everything and vice versa. We grew up together and he has been with me my entire life. It will be extremely difficult to say goodbye, however I thank God for the memories. Sometimes we go through life with no friends. Junior was such a good friend to me. I will never ever forget him. To Mrs. Thelma , children and siblings you have my deepest sympathy.

“ My condolence to the family of Jr. Memories
OH! what memories we shared as teenagers
growing up in a small town in WVA
(Jenkinjones). We shared so much, especially
a special friendship, respect for each other.
The times I would get myself in jams (flirting)Jr. would rescue me. I
got myself in trouble because we were hitchhiking to school, what
wonderful times we all had together. Family, just remember he's out
of sight but never out of mind. He got tired, so he slipped into
another room to get some well deserved rest.
As he's being driven to his resting place, tell the driver to drive real
slow
because that man you're carrying we hate to see him go.
R.I.P my friend.
